## Health Care Data Governing Board

Notice of Hearing on Proposed  
Administrative Regulations

The Health Care Data Governing Board will conduct a public hearing at 1 p.m. Tuesday, October 18, in Room 620, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider new regulation K.A.R. 120-1-1, pertaining to the client assessment, referral and evaluation program (CARE). This regulation, as approved by the Health Care Data Governing Board, institutes the form to be used for data for the CARE program, which is to be used by all persons providing assessment services for persons seeking admission to a nursing facility. This form includes the collection of information needed for the requirements for the federal Preadmission Screening and Annual Resident Review (PASAAR).

The economic impact for those completing the forms should be decreased since the new form is less complicated and takes less time to complete than previous instruments. The Kansas Department of Health and Environment has incurred some fiscal impact in developing the form, but the full impact lies with the Department on Aging, which will implement and collect data from the use of the form. The full economic impact statement from the CARE program will be addressed in new rules and regulations to be promulgated by the Department on Aging.

Copies of the regulation and the economic impact statement may be obtained from the Kansas Department of Health and Environment, Office of Health Care Information, Mills Building, Suite 400A, 109 S.W. 9th, Topeka 66612-2219. Questions pertaining to this proposed rule should be directed to Elizabeth W. Saadi, Ph.D., at (913) 296-8084.

The time period between the publication of this notice and the scheduled hearing constitutes a 30-day public comment period for the purpose of receiving written comments prior to the hearing. All interested parties will be given reasonable opportunity during the hearing to present their views, orally or in writing, concerning the adoption of the regulation. Following the hearing, all comments will be considered in determining whether to make changes to the proposed regulation.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and fiscal impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Dr. Elizabeth Saadi at (913) 296-5639.

## Public Notice

A review has been conducted of the department's policy based on Attorney General Opinion No. 88-78 regarding the taxability of improvements that are installed in connection with the development of a subdivision. Specifically, are the services rendered to construct water, sewer and streets to be classified as original construction labor services?

Kansas law imposes retailers' sales tax at a rate of 2.5 percent plus any applicable local tax on the service of installing and applying tangible personal property in connection with the original construction of a building or facility or the construction of a highway.

K.S.A. 79-3603(p)(3) defines "facility" in part, as the "... transmission or distribution line . . . of any municipal or quasi-municipal corporation."

K.S.A. 8-126(s) defines "highway" as every way or place of whatever nature open to the use of the public as a matter of vehicle traffic. The term "highway" shall not include a roadway or driveway upon grounds owned by private owners, colleges, universities or other institutions.

K.S.A. 79-3602(o) defines "municipal corporation" as any city incorporated under the laws of Kansas.

K.S.A. 79-3602(p) defines "quasi-municipal corporation" as any county, township, school district, drainage district or any other governmental subdivision in the state of Kansas having authority to receive or hold moneys or funds.

Therefore, the service of installing improvements such as water lines, sanitary sewer lines and storm sewer lines that are installed on real property owned by or dedicated to a municipal or quasi-municipal corporation and in which ownership of improvements vest to a municipal or quasi-municipal corporation are considered original construction.

Labor services rendered to install street lights, sidewalks, fences and utility lines are considered original construction if rendered in connection with the original construction of a building, buildings, facility or facilities.

The service of installing tangible personal property in connection with the construction of a public street is original construction.

This notice supersedes all previous Department of Revenue notices, revenue rulings, private letter rulings or other advice regarding this matter.

If you have any questions about this notice or other state tax matters, contact the Taxpayer Assistance Bureau, Kansas Department of Revenue, Docking State Office Building, 915 S.W. Harrison, Topeka 66625, (913) 296-0222.

Behavioral Sciences Regulatory Board

Notice of Hearing on Proposed  
Administrative Regulations

The Behavioral Sciences Regulatory Board will conduct a public hearing, in conjunction with the board's regularly scheduled meeting, at 8:30 a.m. Monday, November 14, in the board conference room at 712 S. Kansas Ave., Topeka, to consider adopting proposed amendments in existing rules and regulations for registered marriage and family therapists.

This 30-day notice of the public hearing constitutes a public comment period for purposes of receiving written public comments on the proposed amendments. All interested parties may submit written comments prior to the hearing to the Executive Director, Behavioral Sciences Regulatory Board, 712 S. Kansas Ave., Topeka 66603-3817. All interested parties will be given a reasonable opportunity to present their views orally in the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

A summary of proposed amended regulations follows. The board does not have a less costly or intensive method for achieving the stated purpose of each regulation. There should be minimal or no fiscal impact to the agency, registrant or general public.

**K.A.R. 102-5-1. Definitions.** The majority of the proposed changes deal with grammar. The significant changes occurring in (n) and (q) expand the definitions of a dual relationship and undue influence from a professional relationship with a client to include a registrant's supervisee or student.

**K.A.R. 102-5-3. Educational requirements.** There are no significant amendments proposed in this regulation. This regulation is amended in an attempt to make the educational requirements more understandable.

**K.A.R. 102-5-4. Applications for registration with examination.** There are no significant amendments proposed in this regulation. This regulation is amended in an attempt to make the registration requirements for

persons who are required to take an examination more understandable.

**K.A.R. 102-5-6. Registration without examination (grandparenting provision.)** The only amendment occurs in section (e). JCARR requests that the word "decision" be changed to "judgment."

**K.A.R. 102-5-7. Professional post-graduate supervised experience requirement.** The only amendment occurs in section (a)(1)(B) and changes the wording from "practicing as a marriage and family therapist" to "practicing marriage and family therapy."

**K.A.R. 102-5-12. Unprofessional conduct.** The only significant amendment occurs in section (31)(D), which changes the wording from "treat information obtained as confidential" to "preserve anonymity within the terms of informed consent."

Copies of the proposed amended regulations and fiscal impact statements may be obtained from the Behavioral Sciences Regulatory Board at the address above, (913) 296-3240.

Request for Comments

Public notice is hereby given that according to Title I of the Housing and Community Development Act of 1974, as amended, and in compliance with Section 104(e) of the Act:

Such report shall also be made available to the citizens in each grantee's jurisdiction in sufficient time to permit such citizens to comment on each report prior to its submission, and in such manner and at such times as the grantee may determine. The grantee's report shall indicate its programmatic accomplishments, the nature of the reasons for changes in the grantee's program objectives, indications of how the grantee would change its programs as a result of its experiences and an evaluation of the extent to which its funds were used for activities that benefitted low- and moderate-income persons. ## Wildlife and Parks Commission

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, October 20, at the Ramada Inn Airport, 5805 W. Kellogg, Wichita, to consider the approval and adoption of several department regulations. There will be a public comment period at the beginning of the evening meeting for any issues not on the agenda and additional comment periods will be available during the meeting on agenda items.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. October 20 at the location listed above. The public will also be given the opportunity to comment on any nonagenda items at the beginning, and on agenda items during the afternoon meeting. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. Old and new business may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. October 21 at the location listed above.

If notified in advance, the department will have an interpreter available for the hard of hearing. To contact the department for this or any other reason, members of the public with a hearing impairment may call the TDD service at 1-800-766-3777. All public meeting areas are accessible to those who are physically disabled.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Request for accommodation should be made at least five working days in advance of the hearing by contacting Brenda Dean at (316) 672-5911.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations to be heard during the regulatory hearing portion of the meeting are as follows:

**K.A.R. 115-8-3. Non-toxic shot; department lands and waters.** This permanent regulation is proposed for amendment. The amendment would authorize the possession and use of several non-toxic shot materials for hunting on department lands and waters that have been posted as a "steel shot only" area or as a "non-toxic shot only" area. Currently, steel shot is the only approved material for such possession and use. This regulation

presently includes a statewide requirement for use of steel shot for the hunting of waterfowl and certain other species. That provision is recommended for deletion from this regulation and for inclusion into new regulation K.A.R. 115-18-14.

**Economic Impact Summary:** The materials which would be authorized for possession and use are not anticipated to cost less than currently approved non-toxic shot materials. No economic impact on hunters is expected; however, a wider choice will be available to hunters, and certain businesses which may choose to carry the expanded list of non-toxic shot material may benefit. No impact is anticipated from the removal of the statewide steel shot requirement, as it would be continued under a different regulation.

**K.A.R. 115-18-14. Non-toxic shot; statewide.** This is a new permanent regulation which is recommended for adoption. It continues the requirement for possession and use of non-toxic shot for the hunting of waterfowl and certain other species. Steel shot continues as an approved non-toxic shot including steel shot coated with copper, nickel, zinc chromate or zinc chloride. In addition, bismuth-tin shot would be approved for possession and use.

**Economic Impact Summary:** The materials which would be authorized for possession and use are not anticipated to cost less than currently approved non-toxic shot materials. No economic impact on hunters is expected; however, a wider choice will be available to hunters, and certain businesses which choose to carry the expanded list of non-toxic shot material may benefit.

Department of Health  
and EnvironmentNotice of Hearing on Proposed  
Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air and Radiation, will conduct public hearings to consider the adoption, on a permanent basis, of proposed changes to existing air quality regulations and of proposed new air quality regulations.

The times and locations of the public hearings are as follows:

**Monday, October 17, 1 p.m.**

Wichita City Commission Chamber  
City Hall, first floor, south end  
455 N. Main, Wichita

**Tuesday, October 18, 1 p.m.**

The regulations proposed to be amended are K.A.R. 28-19-7, 28-19-8, 28-19-14, and 28-19-202. The regulation proposed to be revoked is K.A.R. 28-19-14a. The new regulations proposed to be adopted are: K.A.R. 28-19-204, 28-19-212, 28-19-275, 28-19-300, 28-19-301, 28-19-302, 28-19-303, 28-19-304, 28-19-400, 28-19-401, 28-19-402, 28-19-403, 28-19-404, 28-19-500, 28-19-501, 28-19-502, 28-19-510, 28-19-511, 28-19-512, 28-19-513, 28-19-514, 28-19-515, 28-19-516, 28-19-517, 28-19-518, 28-19-540, 28-19-541, 28-19-542, 28-19-543, 28-19-544, 28-19-545, 28-19-546, 28-19-560, 28-19-561, 28-19-562, 28-19-563, 28-19-575, 28-19-576, 28-19-577, 28-19-578, 28-19-720, 28-19-735, 28-19-750, 28-19-751, 28-19-752 and 28-19-753.

Revisions to the Kansas air quality regulations are being proposed in order to comply with the federal Clean Air Act (42 USC §7401 *et seq.*) as authorized by the Kansas Air Quality Act (K.S.A. 65-3001 *et seq.*). The proposed new regulations and the amendments to existing regulations will 1) create the operating permit program required by the federal Clean Air Act Amendments of 1990; 2) increase emission fees imposed on air pollution sources; 3) revise the construction permit program in order to make it consistent with the new operating permit program; 4) adopt federal standards for new source performance, national emission standards for hazardous air pollutants, and maximum achievable control technology for hazardous air pollutants; and 5) make other changes in the state air program as needed to create consistency and correct deficiencies.

**Amendments to K.A.R. 28-19-7. Definitions.** Proposed revisions to this regulation are for the purpose of

(continued)

adding and revising terms related to the construction and operating permit programs.

**Amendments to K.A.R. 28-19-202. Annual emissions fee.** The annual fee assessed on the emission of air pollutants is proposed to be raised by \$2 per ton and changes are proposed to the section 313 fee offset provisions. The per ton fee increase is required because of a shortfall in emission fee revenues received for 1993 emissions, which was the first year this regulation was in effect. This change is expected to result in the payment by the regulated community of approximately \$410,000 in additional fees for 1994 emissions. There will be no significant economic impact upon the general public as a result of this increase.

**New regulations K.A.R. 28-19-204, 28-19-212, 28-19-275.** These regulations establish requirements for public participation in the issuance of a construction or operating permit, establish approved test methods and emission compliance determination procedures, and adopt federal provisions regarding acid rain deposition. The implementation of the federal acid rain provisions will have a significant economic impact on affected sources, which consist largely of electricity-generating utilities; however, no additional impact will result from the adoption of K.A.R. 28-19-275. No other economic impact is anticipated.

**Amendments to K.A.R. 28-19-8; K.A.R. 28-19-14; revocation of K.A.R. 28-19-14a; new regulations K.A.R. 28-19-300 through 28-19-304.** These changes revise the Kansas construction permit program. No direct economic impact to the regulated community, government agencies, or the general public is anticipated.

**New regulations K.A.R. 28-19-400 through 28-19-404.** These regulations establish procedures and conditions for general construction and operating permits, which may cover numerous similar sources. Since the use of general permit procedures is at the option of the source, no economic impact to the regulated community, government agencies, or the general public is anticipated.

**New regulations K.A.R. 28-19-500 through 28-19-502; 28-19-510 through 28-19-518; 28-19-540 through K.A.R. 28-19-546; and 28-19-560 through 28-19-563.** These regulations establish the detailed requirements for obtaining a class I or class II operating permit. The primary economic impacts of this series of regulations upon the regulated community will be associated with operating permit applications, which will require the compilation of detailed technical information and payment of application fees. Approximately 400 Kansas sources are expected to be required to obtain a class I permit. Federal estimates are that the costs of obtaining a class I permit for major sources nationwide will average approximately \$11,000 per source. The class II application costs for the total regulated community statewide are expected to be approximately \$60,000. These costs represent a one-time fee for initial applications for approximately 300 sources. There will be lower permit application costs for modifications and for applications to operate under a general permit or permit-by-rule. The costs to the state and local agencies that will implement this permit program will be covered by the emission fee revenues generated under K.A.R. 28-19-202.

**New regulations K.A.R. 28-19-575 through 28-19-578.** These regulations establish the procedures for obtaining and modifying a class III operating permit. No significant economic impact on the regulated community is anticipated because all significant requirements already exist in current regulations. There will be no economic impact upon government agencies or the general public.

**New regulations K.A.R. 28-19-720, 28-19-735, and 28-19-750 through 28-19-753.** K.A.R. 28-19-720 adopts federal new source performance standards by reference. K.A.R. 28-19-735 adopts national emission standards for hazardous air pollutants (NESHAPS) by reference. K.A.R. 28-19-750 adopts federal standards for hazardous air pollutants by reference. K.A.R. 28-19-751 through 28-19-752 establish procedures for compliance with hazardous air pollution emission limitations upon modification, construction or reconstruction of major sources of hazardous air pollutants. K.A.R. 28-19-753 establishes procedures that will be implemented to establish emission standards for certain emission source categories if the EPA fails to promulgate a standard. Because these regulations adopt requirements that are already imposed under federal law, no new economic impacts upon the regulated community of the general public are anticipated. There will be an economic impact upon KDHE, which will administer these requirements.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to the hearing to Chuck Layman, Bureau of Air and Radiation, Building 740, Forbes Field, Topeka 66620. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearings. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

Administrative Regulations

The Kansas Department of Health and Environment will conduct a public hearing at 11 a.m. Monday, October 17, in Room 651-S, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider new regulations K.A.R. 28-67-1 through K.A.R. 28-67-12, pertaining to the health care database. These regulations, as approved by the Health Care Data Governing Board, address the collection/submission, release and rerelease, access, confidentiality, fees charged, record and system security, eligible contractors and data validation of the health care database authorized by K.S.A. 65-6801 to 65-6808.

The fiscal impact for establishing the database and implementing these rules and regulations are estimations based on information provided by organizations that collect health care data. The database is still in its development stages and the full economic impact to the state as well as private organizations may not be realized. However, current estimations of the cost of health care database development range from \$1,433,525 to \$1,838,525.

Copies of the regulations and the economic impact statement may be obtained from the Kansas Department of Health and Environment, Office of Health Care Information, Mills Building, Suite 400A, 109 S.W. 9th, Topeka 66612-2219. Questions pertaining to these proposed rules or details of the economic impact statement should be directed to Elizabeth W. Saadi, Ph.D., at (913) 296-8084.

The time period between the publication of this notice and the scheduled hearing constitutes a 30-day public comment period for the purpose of receiving written comments prior to the hearing. All interested parties will be given reasonable opportunity during the hearing to present their views, orally or in writing, concerning the adoption of the regulations. Following the hearing, all comments will be considered in determining whether to make changes to the proposed regulations.

#### Article 3.—INSTANT GAME RULES

**111-3-12. Determination of instant prize winners.** The following subparagraphs specify how an instant prize winner is determined for instant games:

(a) The player must remove or "scratch off" the removable layer of material covering the play area to reveal the play symbols and captions. If the designated number of play symbols match, the player wins the prize designated by the rules of the game.

(b) In any event, only the highest instant prize shall be paid on a given ticket.

(c) Once a player has collected a prize from a retailer, the player shall not be entitled to any other prize from the lottery whether or not the prize paid by the retailer was less than the prize to which the player was entitled.

(continued)

(d) Only play symbols are used for determination of entitlement to instant prizes. Play symbol captions, validation numbers, agent validation codes, book-ticket numbers, any portion of the display printing and any extraneous materials are not play symbols and shall not be usable or playable to win instant prizes.

(e) In all events, the determination of instant prize winners shall be subject to the general ticket validation requirements set forth in K.A.R. 111-3-13 and the requirements set forth on the back of each instant game ticket.

(f) An instant ticket is a bearer instrument. The prize payable for an instant ticket shall be paid to the bearer or holder thereof unless the ticket has been signed on the back. Once a ticket has been signed on the back, any prize payable for such ticket shall be paid to the apparent owner of the ticket as evidenced by such signature. The holder of a winning ticket shall sign his or her name on the back of the ticket.

(g) No particular prize may be paid more than once.

(h) All instant prizes must be claimed within 180 days following the termination of the game announced by the executive director, or in drawings involving non-winning instant tickets entered in a drawing, within 180 days of the drawing in which the prize was won. Any instant prize not claimed by such date and in the manner specified on the back of each ticket shall be forfeited. If a claim is to be mailed to the lottery, the envelope containing the winning ticket and the claim form, must be postmarked within the 180-day limit noted above.

(i) The right of any person to a prize shall not be assignable, except that payment of any prize may be paid to the estate of a deceased prize winner or to a person designated pursuant to an appropriate judicial order. (Authorized by K.S.A. 74-8710 (b), (c), & (i); implementing K.S.A. 74-8710 (b), (c), & (i) and 74-8720 (b) & (d); effective, T-89-4, Jan. 21, 1988; amended, T-111-4-13-89, April 13, 1989; amended, T-111-3-14-90, March 2, 1990; amended, T-111-10-31-90, Oct. 19, 1990; amended, T-111-12-21-90, Dec. 14, 1990; amended, T-111-8-5-94, July 15, 1994.)

(1) The holder of the ticket may present it to any on-line retailer. If the on-line retailer cannot validate the claim, or if the amount of the claim exceeds \$599, the claimant may obtain and complete a claim form and sub-

(continued)

mit it with the ticket to the lottery by mail or in person. Upon validation of the ticket, the retailer shall immediately pay the holder of the ticket.

(2) Prizes payable by on-line retailers shall be paid during all normal business hours of the retailer, provided the on-line system is operational and claims can be validated.

(3) An on-line retailer may pay prizes in cash or by business check, certified check, or money order, or any combination thereof. An on-line retailer who pays a prize with a check which is dishonored may be subject to suspension or termination of its contract.

(c) To claim an on-line prize of more than \$599, the claimant shall obtain and complete a claim form and submit it with the winning ticket to the lottery's headquarters in Topeka by mail or in person. Prizes greater than \$599 can only be paid from the lottery's headquarters in Topeka. Upon determination that the ticket is a winning ticket, the lottery shall process for payment the amount due, less any withholding required by state and federal laws. The amount due shall be calculated according to the rules adopted for the particular on-line game. If the ticket is determined to be a non-winning ticket, the claim shall be denied and the claimant shall be promptly notified.

(d) If the claim is presented to a lottery regional office or to lottery headquarters, the claimant shall complete a claim form regardless of the prize amount and submit it with the winning ticket, either by mail or in person. Upon determination that the ticket is a winning ticket, the lottery shall present or mail a check to the claimant in payment of the amount due, less any withholding required by state and federal laws.

(e) All prizes must be claimed within 365 days including the first day of the game or the drawing in which the prize was won. In the event the final day of the 365-day period falls on a day lottery headquarters is not open for business or a federal holiday, the claim period will be extended to end on the next business day. Any prizes not claimed within the specified period shall be added to the prize pools of subsequent Kansas lottery games.

(f) If the ticket is determined to be a non-winning ticket, the claim shall be denied and the claimant shall be promptly notified. Non-winning tickets will not be returned to the claimant.

(g) A validated ticket shall be the only proof of a game play or plays, and the submission of a winning ticket to and receipt of the ticket by the lottery or its authorized retailer shall be the sole method of claiming a prize.

(h) Claims in excess of \$599 shall not be paid by lottery retailers. The lottery has no obligation to reimburse retailers paying claims in excess of \$599. (Authorized by and implementing K.S.A. 74-8710; effective, T-89-4, Jan. 21, 1988; amended, T-111-12-21-90, Dec. 14, 1990; amended, T-111-7-30-93, July 23, 1993; amended, T-111-8-5-94, July 15, 1994.)

(b) The selection of winning numbers shall take place as nearly as possible, at five-minute intervals. The first drawing will be at 6:05 a.m. with subsequent drawings every five minutes thereafter with the last drawing at 11:50 p.m. With the one-hour time expansion specified in subsection (a), the last drawing will occur at 12:50 a.m. All drawings will occur either on the hour or at multiples of five minutes past the hour. If a drawing cannot be held at the scheduled drawing time, the delayed drawing will take place at the next scheduled drawing time. Ticket sales for each drawing will end momentarily immediately prior to the scheduled drawing and then resume for the next drawing without delay. Club Keno wagering will not be inhibited between games. Each game is identified by a 6-digit consecutive game number that is assigned by the central system and the game number(s) for the drawing(s) for which the ticket was purchased will appear on the ticket. In the event a drawing does not occur at the drawing time scheduled, sales for that drawing will remain closed. Sales for the following drawing will remain open until five minutes after the results of the delayed drawing have been posted by the system. Winning game number selections for any games remaining on a player's ticket at the end of daily sales shall take place the next day.

(c) Winning number combinations shall be generated every five minutes through the use of a computer-driven random number generator located at lottery headquarters. The generator shall be statistically analyzed, tested, and certified by an independent qualified statistician for integrity. Periodic checks shall be made to ensure the randomness of the system at least annually.

(d) The Kansas lottery director of security shall establish the procedures for the operation and security of the random number generator, including the specification of those individuals who shall have access to the system.
